The 3rd Claim the Waves- Feminist Radio Days will take place on the 8th to 11th July 2021. Claim the Waves is a radio and media festival for women, lesbians, inter-, non-binary-, and trans*-persons (FLI*NT) and girls. We cordially invite all interested people from Austria, Germany and Switzerland to the Feminist Radio Days at radio ORANGE 94.0 in Vienna. The program consists of workshops, leisure program and shared mealtimes. Joint productions and discussions of audio content will also be possible during the festival.

Due to the current developments related to the Covid-19 pandemic around the world, we are taking all possible safety measures, in order to be able to organize Claim the Waves on-site in Vienna. We plan to offer an online workshop program that will take place parallel to the other events that are part of the festival. We shall do our best to inform you as soon as possible, whether and under what conditions the on-site festival is going to take place.

CALL: WORKSHOPS

We are currently looking for participants, who would be interested to plan and lead a workshop on one of the following topics:

➔ „How to: feminist content“, radio and technology/storytelling & feminist music journalism

The workshops shall take place online. Please consider that you should prepare an online format in the course of your application. The topic „Eastern European Feminisms: Backlash, Social Movements under Covid“ is another focus of this year's workshop program. The program dedicated to this topic is going to be curated by radio ORANGE 94.0 festival team. Besides the online events we are also planning an analogue on-site program that shall encompass open, participatory formats, city walks, leisure program and shared mealtimes. We shall inform you as soon as possible, if and under what conditions the on-site program will take place. The online workshops will be carried out in any case. They are going to be held between 8th and 11th of July in the late afternoon.
